Mark and Dan:

Eric from the ORD-LV just called me to check on my availability to help with potential Dermal Exposure to sediments at the Gold King Mine Spill, so I gave him both of your names as well as John Kissel and Annette Bunge (as potential consultants if there is a need for the latest science for site specific issues).

John Kissel: http://deohs.washington.edu/faculty/kissel_john

Annette Bunge: <http://chemeng.mines.edu/faculty/abunge/>

Eric will send an email to request for our standing by to help when needed, so that we can alert our managers.

Thanks,

Kim Hoang PhD, MPH
